

# **Software Configuration Management**

**Lecture: Feedback Final  
Assignment Preparation**

**René Krikhaar**

**Niels Veerman**

# General Points

- ◆ Contact the company, TODAY
  - ◆ Gather information
  - ◆ Look at their website
  - ◆ Problems: contact us
    - ◆ Ask for phonenumber?
- ◆ Write As Much as Possible
  - ◆ In Word, e.g. general parts
  - ◆ Put in questions
  - ◆ Final document is self-contained

# Content

- ◆ History of SCM at company ;-)
- ◆ Relationships between SCM functions
  - ◆ Bonus: Matrix? UML Diagram?
- ◆ Rational behind Concurrent Development
- ◆ What is controlled? (documents, sources, binaries)
- ◆ System = Process (+ only mapping to tool concepts and drawbacks of tool)
- ◆ SCM specialities of that company
- ◆ Recommendation (together with company)

# Final Points

- ◆ Remember that people make time for you, use it efficiently
  - ◆ Telephone call/conference in advance/afterwards?
  - ◆ Plan your interview (timing)
  - ◆ Prepare your interviewees in advance
- ◆ Be prepared, think about possible scenario's of "questions" (directions)
- ◆ Check confidentiality of your report
