INTRODUCTION

The ScienceDirect TOP25 Hottest Articles is a free quarterly service from ScienceDirect. When you subscribe to the ScienceDirect TOP25, you'll receive an e-mail every three months listing the ScienceDirect users' 25 most frequently downloaded journal articles, from any selected journal among more than 2,000 titles in the ScienceDirect database, or from any of 24 subject areas.

Now you can keep track of the latest trends in your speciality and find out what your colleagues are reading. A simple click on any of the listed articles will take you to the journal abstract, and of course, you have the option to download any article straight to your desktop, depending on your access rights.

With these drop-down menus, the ScienceDirect TOP25 Hottest Articles are selected. Please refine your selection if necessary. To see the overall TOP25 within a certain subject area or journal, please select 'all subjects' or 'all journals' from the drop-down menus.
